Mr. Glen Eurick  
Environmental and Occupational  
Health Coordinator  
Barrick Mercur Gold Mines, Inc.  
P. O. Box 838  
Tooele, Utah 84074

Dear Glen:

RE: Barrick Mercur Mine, ACT/045/017, Tooele County, Utah

Please refer to your October 29, 1985 letter requesting an extension from October 30, 1985 to January 1, 1986 for submission of complete reclamation plans for proposed amended mining operations at the Mercur Mine.

Our telephone discussion of this matter of October 31, 1985 established that final hydrologic design from JBR Consultants is anticipated by early December 1985 and that the Marrion Hill Pit design required for final reclamation and bond calculation should be completed by your engineering staff and ready for submission to DOGM in early December.

Based upon the need to incorporate these data into the final reclamation plan, your request for an extension of the final date to January 1, 1986 is hereby approved.

Sincerely,

*Lowell P. Braxton*
